St Helier is a great local hospital with hardworking staff, but we're let down by its outdated, poor-quality buildings. I want St Helier to be the best it can be.

£400 million for St Helier
Join me in demanding the money St Helier Hospital needs so it can be fit for purpose with new, modern facilities.

hospital services

The public meeting will be on Thursday 31st August from 7pm at Strawberry Lodge, Mill Lane, in Carshalton, SM5 2NQ.

Tom Brake said:

"The future of St Helier is my top priority. That's why during the recent election, I consistently made the case for St Helier to get the £219 million plus of investment which was scrapped by the Conservative Government.

"We have a great local hospital with hard-working staff who deliver good care, but they're let down by outdated, poor quality buildings.

"This initial consultation is just the start and no decision has been made -- that's why it's really important that residents get involved and let the Trust know what they think.

"I am pleased that a representative from the Epsom and St Helier NHS Trust and Ruth Dombey, Leader of Sutton Council have both agreed to attend."

1,000 residents pledge support for £400 million investment campaign for St Helier
UPDATED 2017-09-13

Less than a week after the launch of the Sutton Liberal Democrats' "£400 million for St Helier" campaign almost 1,000 local residents have already pledged their support.
